Twenty-third session
Items 2 and 19

DISPOSAL OF ITEMS ARISING OUT OF THE ELEVENTH REGULAR SESSION OF THE GENERAL ASSEMBLY

Note by the Secretary-General

1. At its 953rd meeting, on 19 December 1956, after it had considered its basic programme for 1957, the Council requested the Secretary-General to call to its attention in writing, before the opening of the twenty-third session, any items arising out of the eleventh session of the General Assembly, and to point out those which appeared to require consideration at that session. It was understood that the Council would decide, when it adopted the agenda for the twenty-third session, which items arising out of the General Assembly it wished to include in that agenda. The disposition of the remainder of the items would be determined at the close of the twenty-third session, when the Council considered the provisional agenda for the twenty-fourth session.

2. The Secretary-General therefore draws the attention of the Council to the resolutions listed below which are relevant to its work. Two of these resolutions appear to require the addition of items to the provisional agenda for the twenty-third session;[1] one requires the postponement of an item (item 6(XXIII)) from the twenty-third to the twenty-fourth session; and a fourth could be considered in connexion with an item (item 5 (XXIII)) already appearing in the provisional agenda for the twenty-third session. Nine of the resolutions relate to items in the list of items for the twenty-fourth session,[2] the items affected being items 2, 3, 4, 6, 8 and 9. The remainder, which do not appear to require action by the Council during 1957, are brought to the attention of the Council at this stage for its information.

I. RESOLUTIONS REQUIRING ACTION OR CONSIDERATION BY THE COUNCIL IN 1957

A. Twenty-third session

1. Question of the membership of the Technical Assistance Committee (1036 (XI)) 1/

In this resolution the General Assembly recommends that:

"1. The Economic and Social Council, as an interim measure, take the necessary steps, at its twenty-third session, to expand the present membership of the Technical Assistance Committee, as from 1 June 1957, so as to consist of the members of the Economic and Social Council, together with an additional six members to be elected for two-year terms by the Council from among the States Members of the United Nations or members of the specialized agencies, having due regard, so far as these additional six members are concerned, to geographical distribution and to the representation of contributing and recipient countries having an important interest in the Expanded Programme of Technical Assistance;

2. The initial elections of these additional members be so arranged as to avoid having their terms of office expire simultaneously;

3. In the event that the Economic and Social Council is enlarged, the Council review the size and composition of the Technical Assistance Committee in the light of that development."

Consideration of this question at the twenty-third session would require the inclusion of an additional item in the agenda which might read "Question of the membership of the Technical Assistance Committee".

2. International commodity problems (1029 (XI)) 2/

In this resolution, the General Assembly, inter alia,

"Requests the Economic and Social Council to invite the Commission on International Commodity Trade to give special consideration, within its present programme of work - bearing in mind the relevant parts of the introductory statement of the Secretary-General at the twenty-second session of the Council 3/ and the debates in the Second Committee at the eleventh session of the General Assembly - to the importance of present international commodity problems in relation to world economic stability".

Since the fifth session of the Commission on International Commodity Trade is scheduled to meet on 6 May, the Council may wish to consider this resolution at its twenty-third session. This would appear to require the inclusion of an additional item in the agenda, which might read: "International commodity problems: General Assembly resolution 1029 (XI)".

3. Industrialization of under-developed countries (1033 A (XI))[1/]

In this resolution the General Assembly, inter alia,

"Expresses its satisfaction at the work done by the Economic and Social Council, the Secretary-General, the regional economic commissions and the specialized agencies in connexion with problems of industrialization and productivity, and urges them to continue to give priority to these questions".

The final report of the Ad Hoc Committee was completed by the Committee at its meetings on 11 and 12 March.

When it considered the provisional agenda for the twenty-third session, the Council decided to consider this final report under item 6 (XXIII): "Financing of economic development". In view, however, of the terms of paragraph 2 (c) of the General Assembly resolution quoted above, the Council may now wish to postpone consideration of the subject until the twenty-fourth session and consequently to delete item 6 (XXIII). (See also section B, paragraph 5 below.)

Should the Council have decided to delete from the provisional agenda of its twenty-third session item 6, "Financing of economic development", it is suggested that the above resolution (operative paragraphs 1-4 of which are quoted under section I.
